A National Women Student Innovation & Impact Challenge

m-Yukti is a national 24-hour Ideathon designed exclusively for women students pursuing undergraduate, postgraduate and research programmes across India. The programme provides a platform for young women to identify meaningful problems, develop innovative solutions, build business models, receive expert guidance and pitch their ideas before an expert jury.

The Ideathon is designed to move participants beyond "**just having an idea**"—towards developing a solution that has the potential to create measurable social, economic or environmental impact.

m-YUKTI 2026 | National Women Student Innovation & Impact Challenge

24 HOURS. 3 THEMES. ₹1,50,000 PRIZE POOL.

Are you a woman student with an idea that can solve a real-world problem and create meaningful impact?

m-YUKTI 2026 invites women students pursuing Graduation, PG & Research programmes from colleges across India to participate in an immersive 24-Hour Ideathon organised by Maharani Lakshmi Ammanni College for Women (mLAC), Bengaluru.
