

m-Yukti Ideathon 2026

Imagine. Innovate. Impact.

A National Women Student Innovation & Impact Challenge

m-Yukti is a national 24-hour Ideathon designed exclusively for women students pursuing undergraduate, postgraduate and research programmes across India. The programme provides a platform for young women to identify meaningful problems, develop innovative solutions, build business models, receive expert guidance and pitch their ideas before an expert jury.

The Ideathon is designed to move participants beyond "**just having an idea**"—towards developing a solution that has the potential to create measurable social, economic or environmental impact.
